

AR-100

Encoder For Store Validation

Amano Cincinnati's AR-100 Encoder allows you to attract more customers by offering time, fee and/or percentage discounts for parking at your facility, and rate-switchover for valet and special events. The AR-100 is also compact and easy to use.

Encoder For Store Validation

AR-100

Unit Weight: 10.5 oz. (297 g.)

FEATURES

- User-friendly** ◀
- Accommodates up to 31 stores** ◀
- Optional logo stamp for store identifications** ◀
- Lightweight, compact design** ◀

SPECIFICATIONS

POWER SUPPLY

120 VAC or 220/240 V ± 10% (50/60 Hz)

POWER CONSUMPTION

0.1A

AMBIENT ENVIRONMENTS

Temperature: 0°C ~ 40°C

Humidity: 10% ~ 90% (non-condensing)

OUTSIDE DIMENSIONS

90mm (W) x 190mm (D) x 115mm x 115mm (H)

MASS (WEIGHT)

1.5 kg

Manufactured by Amano Cincinnati, Inc.'s Ohio factory, an ISO 9001:2000 registered facility. Specifications are approximate and are subject to change without notice.

HOW IT WORKS

The store attendant simply inserts the Amano Cincinnati mag-stripe parking ticket into the encoder and the device pulls the ticket in. The store number is then encoded to give a predetermined discount at the parking facility, and the encoded ticket is automatically processed by the AGP-5200 Series Fee Computer, AGP-7800 Series Automatic Pay Stations, AGP-6000 Lagtime Reader, AGP-4300 and AGP-4400 Series ExpressParc.

If the ticket is inserted incorrectly or has already been encoded with a store number, the device will reject the ticket.

A summary of discounts and store numbers recorded on the Fee Computer or Pay Station eliminates the need to physically count coupons and makes it easy to bill discounts back to each store participating in your validation program.

Sample Store Discount Summary

Report generated by AGP-5200
Series Fee Computer:

- 1 Time & date report
- 2 Name of validation account
- 3 Total dollar amount of validations by store
- 4 Store number
- 5 Total number of validations

Additional lists and reports can be generated with a PC-based facility management software system.
